

# UK NEQAS

## International Quality Expertise

Throughout October and November 2020, UK NEQAS will be hosting a weekly series of pan-disciplinary educational **webinars**, focusing on reducing pre-analytical errors in laboratory medicine.

Each session will be led by a subject expert and the format of the webinars will be a 25-30 minute talk followed by a 15 minute Q&A session.

The webinars will be live on Zoom every Thursday, 3-4pm (GMT), starting on the 8th October 2020. They will be **free to attend**, however registration will still be required.

### Interested?

More announcements on the UK NEQAS website, on Twitter and LinkedIn will be made in the following weeks, detailing topic speakers, individual session outlines, and, importantly, details of how you can reserve a place. If you have any questions in the meantime, email [centraloffice@ukneqas.org](mailto:centraloffice@ukneqas.org)
